EDUCATION

Bachelor of Computer Science

Riphah International University, Faisalabad

10/2019 - 10/2023

3.60

WORK EXPERIENCE

Full Stack Developer

Cybergen, Faisalabad

06/2024 - Present

Achievements/Tasks

- Developed AI-integrated software for a US-based client using React, Next.js and FastAPI back end.
- Built and consumed RESTful APIs for data-driven dashboards and dynamic web pages.
- Ensured server-side rendering and performance optimizations with Next.js.

Full Stack Developer Trainee

TechloSet Solutions, Faisalabad

02/2024 - 06/2024

Achievements/Tasks

- Built 4 full-stack applications with React, Next.js, Node.js, MongoDB & Firebase.
- Implemented authentication (JWT & OAuth) and state management with Redux Toolkit.
- Deployed backend services on FastAPI, leveraging Pydantic models and async endpoints.

Full Stack Web Developer

Fiverr

08/2023 - Present

Achievements/Tasks

- Designed and developed scalable, responsive web applications using **React**, **TypeScript**, and **Tailwind CSS**, ensuring cross-browser compatibility and mobile optimization.
- Collaborated with clients to refine project requirements, delivering pixel-perfect implementations of design prototypes.

Intern, Software Engineer

AmazeWorks Private Limited

05/2022 - 08/2022

Achievements/Tasks

- Actively participated in the development and enhancement of Belgium's premier ERP software, Odoo, focusing on customizing and refining the frontend components to improve user experience and functionality.
- Integrated new modules, improving system scalability and UX consistency.
